We call on your professional attitude. Every year, authors of accepted papers cancel their participation for avoidable reasons. Please realize however that because space is limited and at some stage acceptance/rejection of papers becomes quite arbitrary, cancellation means that a colleague could have participated. Thus, by submitting an abstract, authors indicate that at least one of the authors will attend the conference, if accepted. If you cannot guarantee this for some reason, please let us know as it allows us to work on a personalized solution, if necessary.

FORMAT  
The conference accepts both work in progress and completed work. All abstracts will be published in a Book of Abstracts. Participants are stimulated to submit extended abstracts or full papers. These will be made available in the proceedings, published in CD-format. However, as we are not asking any transfer of copyright, authors can submit these papers to journals for publication. Submitted papers qualify for an award competition. The conference will start with registration, late afternoon on the 15th, followed by a welcome reception. Sessions will start on the 16th until noon on the 18th. Approximately 20 minutes will be available for presentation of a paper.

SPECIAL SESSIONS  
Participants interested in organising a special session are invited to send their proposal to the above address. Proposals should include: (a) a detailed description of the proposed session; (b) a list of the proposed speakers; (c) whether or not each speaker has agreed to participate if the proposal is accepted; and (d) the names and addresses of the chairperson and discussants, if any. Sessions are typically organised in blocks of 4 presentations.

NOTIFICATION  
We plan to notify delegates by November 15, 2010 about the acceptance of their work for presentation at the conference. Delegates are expected to arrange their registration and conference fees before February 1, 2011 to guarantee accommodation and enjoy reduced room prices.

CONFERENCE PACKAGE: 1098 Euros before February 1, 2011, 1398 Euros after this date. This package includes participation, documentation, proceedings, book of abstracts, three nights of deluxe accommodation (arrival: July 15 - departure: July 18, 2011), tea and coffee breaks, lunches, conference dinner, all taxes and service charges.
